### **DETAILED ACTION**

The Applicant's remarks filed July 28, 2008 has been found persuasive and has overcome the rejection set forth in the Office action sent February 5, 2008.

The following is an examiner's statement of reasons for allowance:

The limitations of a method of fabricating a hermetic electrical feedthrough comprising: providing an unfired (or unsintered) ceramic sheet having upper and lower surfaces; forming an intermediate blind hole in said ceramic sheet extending from said upper surface toward said lower surface; inserting a wire into said blind hole; firing said sheet and wire to a temperature sufficient to sinter the sheet material and cause it to form a hermetic compression seal around said wire; and removing sufficient sheet material from said sheet lower surface to expose said wire thus forming a through hole containing said wire (as per claims 1 and 37), in combination with other presented limitations, are neither disclosed nor taught by the art of record.

Further, the limitations of a method of forming multiple hermetic electrical feedthroughs comprising the sequential steps of: forming multiple intermediate blind holes in an unfired sheet of ceramic material, each hole extending from an upper sheet surface to a hole floor spaced from the lower surface of said sheet; inserting a wire into each hole so that the lower end of each wire is supported on a hole floor; firing said sheet and wires to sinter and shrink said ceramic material to form a hermetic compression seal around each wire; and removing ceramic material from said sheet

lower surface to said hole floors to expose the lower ends of said wires thus forming through holes containing said wires(as per claim 8), in combination with other presented limitations, are neither disclosed nor taught by the art of record.

Claims 1-17 and 37-40, therefore, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
